

FEBRUARY 2022

## GENERAL MANAGER'S REPORT

### See You at the Annual Meeting

Wyrulec Company exists to provide reliable, affordable, and responsible energy to our members (that's you!). We also strive to provide quality service to our members now and in the future. This is where you can help with our mission.

As a member of the community, you have a perspective that is valuable--and we invite you to share it with the co-op. At the annual meeting, co-op leaders will discuss priorities and challenges, and discuss the financial health and priorities for the coming years.

Board President Kenda Knudsen addresses the membership

3978 US Hwy 26/85  
Torrington, Wyoming 82240  
PO Box 359, Lingle, 82223

## *continued* . . . See You at the Annual Meeting

Annual meeting is also the time to vote for new board members who will represent you--the members of the co-op. Board members are local consumers, just like you.

Wyrulec Company is one of the few local organizations that is uniquely positioned to bring together all members of the community. It is worth noting that the health of the co-op and the well-being of the community are closely intertwined.

Perhaps you may feel that you have nothing to add to the discussion, so there is no need to attend the annual meeting. However, every energy bill you pay to the co-op helps ensure better service and reliability for the whole community. Your dollars are reinvested locally into improvements that impact the reliability and affordability of your energy, and Wyrulec Company wants to hear from you to better inform our decisions as we plan for the future.

Albert Giguere  
Jack Davidson  
Nathaniel McGowan  
John Goodpaster

Crew members Sawyer Rutt, Travis Gaukel, and Hayden Fleming

Member Kim DesEnfants and granddaughter Sophi

## Plant Trees Safely

Before you dig, call 811 to locate buried utility lines.

### LOW TREE ZONE

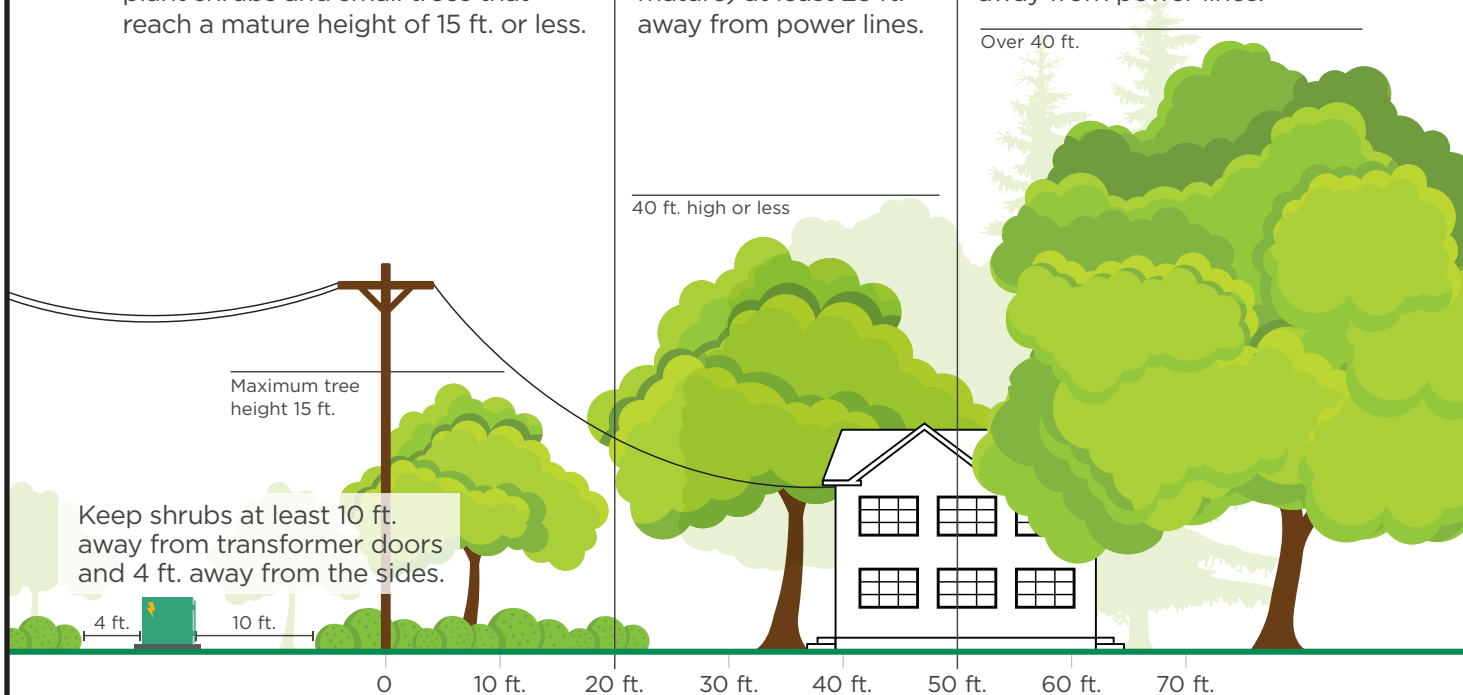

Avoid planting within 20 ft. of power lines. If planting is unavoidable, only plant shrubs and small trees that reach a mature height of 15 ft. or less.

### MEDIUM TREE ZONE

Plant medium trees (under 40 ft. when mature) at least 25 ft. away from power lines.

### LARGE TREE ZONE

Plant large trees (over 40 ft. when mature) at least 50 ft. away from power lines.

## continued . . . See You at the Annual Meeting

*Wyrulec Members enjoying dinner*

Although Wyrulec provides convenient electronic options for bill-paying and communication, there are times when there is no substitute for in-person engagement. When members of our community come together for a common purpose, we improve the quality of life for all in our corner of the world.

If you've never attended our annual meeting, or if it's been awhile, please stop by. We'll have food, fun and door prizes, so mark your calendar for the annual meeting on March 31st. We'll open the doors at 5p.m., have dinner at 6 p.m. followed by our guest speaker, meteorologist Don Day of the Dayweather radio network. Then we'll start the business meeting around 7 p.m. Our co-op family looks forward to visiting with you!

*Maxine Mitchell casting her vote at the ballot box*

*General Manager Ryan Schilreff visiting with Governor Gordon*

### Energy Efficiency Tip of the Month

When was your cooling system last serviced? Most manufacturers recommend an annual tune up for your home's cooling system. March is a great time to schedule this service so you can beat the summer rush when the pros are busiest.

A qualified professional can check the amount of refrigerant, accuracy of the thermostat, condition of belts and motors and other factors that can impact the efficiency of your system.
