Office Manager

Your cooperative is a proud member of these fine organizations

UNCLAIMED CAPITAL CREDITS

One of the benefits of being a member of Wyrulec Company is that you are also an owner. Your ownership is reflected in any excess margins the cooperative might have at the end of the year, above and beyond the cost of providing electricity to you.

These excess margins are tracked through what we call “capital credits.” Each member of the cooperative is allocated their share of capital credits or excess margins based on their patronage provided to the cooperative each operating year. These capital credits are held as equity in the cooperative and provide financial stability to the company for many years into the future.

Each year the board of directors reviews the financial position of the cooperative and makes a decision whether or not to “retire” capital credits back to the membership. When capital credits are retired, they are sent back to the member in the form of a check. It is Wyrulec’s goal to retire five percent of Wyrulec’s outstanding capital credits each year on a FIFO (first in - first out) basis. The accounting term “FIFO” means that the members who first provided the equity to the company will be the first ones to get their equity back. Wyrulec also pays out 100% of capital credit retirements received from Tri-State.

continued . . .

continued . . . UNCLAIMED CAPITAL CREDITS

Below is the most recent list of individuals or organizations that have unclaimed capital credits on record with Wyrulec Company. We appreciate your help in returning these margins to the Wyrulec members or their rightful heirs. If your name is listed or if you can provide specific contact information regarding a listing, please call us toll free at 877-WYRULEC (877-997-8532) or visit the Wyrulec office. It is possible that current Wyrulec members are listed because they have been issued checks that are still outstanding. If this applies to you, please contact us so we can issue a new payment to you.
